564 Peggers Set Central Region Record **Joe Beaster Wins MGM Open**

Green Bay's MGM Open set a Central Region record for attendance last year, with some 560 peggers. This record lasted but a single year, as this tournament drew a new-record 564 players.

Only a handful of Michigan players were on hand, but they came up roses. Joe Beaster, Kingford, MI claimed the title and a handsome \$3,000 prize, in addition to a bundle of MRP's. Two other Michigan players finished in the top four: Tom Borkowski, Bay City, MI finished 3rd, and Jeff Shimp claimed 4th...and Grand Master rating. Jeff hails from Shelbyville.

Local Michael Rozmiarek took 2nd (and \$2,000) to keep a few greenbacks in the local economy.

Veteran pegger Gene Mikulsky, Sobieski, WI, held a hot run of cards during the qualifying round, and took top honors with a fine 39 GP +295 card, winning a sizeable "Q" pool prize.

In the huge 256-player consolation, Life Master DeLynn Colvert, Missoula, MT, continues a 4-month run by winning the title. Grand Master Duane Toll finished 2nd. Duane hails from Milwaukee, WI. Jeff Clark, Antioch, IL took 3rd, followed by John Hiland, W. Allis, WI in 4th.

Doubles play is very popular in northern Wisconsin, attested by the 604 players attending the Friday night session (302 teams). Locals Sharon Jordan and Joe Moreau won the 10-game match with a super 20GP +123 card. Another doubles match was played Saturday night, with locals Sis Asman and Marion Lenz taking home all the marbles in this 232-team event. Their card was an excellent 21GP +203 in this 10-game event.

Directors Tom Gallagher, Bob Miller, and Jerry Lemke once again did a great job in managing the huge crowd, ably assisted by Sue Miller, Judy Lemke, and Sally Gallagher.

Solitaire Games

Woodie A. Palmen is a fanatic on solitaire cribbage. He has probably played every type that has been published, and of course, he has his favorites. Recently he wrote to this columnist and explained several of them.

In our cribbage classes we have given the students one game in which decisions have to be made in placing almost every card. The end product is that the student counts five hands in a short period of time. The type we recommend can be seen at almost every midwestern tournament.

You solitaire buffs are encouraged to correspond with Palmen for the purpose of sharing your favorites. His address is 423 Main St., Wabasha, MN 55981. And Woodie, you promised to contact me in Madison on your way to see your daughter at the Door Creek Orchard, Cottage Grove, WI.

THE NEED IS GREAT, BUT THE WORKERS ARE FEW (this text is probably taken from the Bible). The need for teaching our youth, cribbage, is overwhelming, but the volunteers are few.

My position on a Youth Program has always been to teach more children how to play as well as conduct tournaments for kids who already know how to play.

Anyone who is desirous of doing something for the community, should contact the Day Care Center of a local middleschool. The Center begins its program after school is out in the afternoon, about 2:30 or 3 o'clock. The kids are kept there until parents pick them up after work, 4:30 to 5:30. Kids are tired of all other table games and cribbage would be an ongoing activity and educational.

Here in Madison we arrange to go to a school and take along a team of six to ten players the first few times. Then we can start with a one-on-one or one-on-two or four kids per instructor. After several sessions, we leave two instructors on a regular basis and move the others to another school.

The kids are anxious to learn and really like the senior citizens as most of them have little or no contact with dedicated elders. There are about 1,800 children in the Madison Day Care Program.

NEWS FROM ISRAEL. Stan and Tsipi Kimmel, Moshav Neve Ilan (90850) Israel, writes that they hope to be visiting the states soon and want schedules of Grass Roots clubs in the Florida area. They reported that they recently received the November issue of the Cribbage World. They invited this writer to visit them and promised to give him a HOT welcome regardless of whether or not he came by scud. Stan sent me his dues from Israel. There might have been a break in his subscription as he is not listed in the January 28, 1991 roster.

I am involved in teaching cribbage three afternoons a week and I play cards three nights a week. So, I am not a problem on my kids. They say that I am never home.

PS: Answering telephone calls and letters also help to keep me busy. It's a good thing that I have something to get up for in the morning.

Bo Van Orsow

Bo Don't Know Diddley, But Bo DOES Know Cribbage

Bo Van Orsow of Oregon's famous Van Orsow pegging clan claimed the 14th Annual Northwest Open in Baker City, OR March 10, keeping alive a hot streak that has earned him his Master rating and, with this win, a major championship.

The Van Orsows (Clarence, Ray, Denny and Bo) recently teamed with Phil Symons to shatter all team records (5-person team event) played in the Northwest at the recent Oregon Championship in Prineville. The lowest score posted by this team was 32 GP's in the 22-game qualifying round.

Carol Holt, Portland, had the misfortune to walk into this hot streak...but she managed to finish 2nd in this 112-pegger event. Carol has also been on a streak lately and has consistently finished "in the money."

Keith Jespersen, Spokane, WA finished 3rd, and veteran pegger Verne Nielsen, Portland, took 4th.

An astounding 92 players signed up for the consolation (vs. 112 in the main event), pointing out that this crowd had only serious peggers. Ken Capper, Hermiston, OR, took all the marbles, edging out local Murv Scarbrough. Tom Markham, Mountain Lake, WA, took 3rd, and Jack Holt finished 4th. Along with Carol's 2nd in the main event, the Holt's had a profitable weekend.

In the "early bird" time passer 62-pegger event, local Sterlin Owens edged out Verne Nielsen to get the weekend off to a good start. In the high-roller event, local Murv Scarbrough claimed the grand prize, while the doubles saw Pat Ward, Kirkland, WA team with John Ward, Mill Creek, WA to win that event.

George Mackie, Seattle, finished with a fine 16GP's in the Saturday night 7-game match to win this event.

Paul Dyer set the qualifying round standard with a fine 37 (18) +141 card.

The junior set also pegged in a match...and all won a fancy barrel-shaped board. Director Rob Palmer had a full range of events, including the juniors, and did a fine job in conducting this longest-standing tournament in the Northwest.

And the locals were hospitable...tournament manager Marvis Reynolds, with hubby Ralph's help, invited scores of players for a wonderful Sunday breakfast.

Junior Results, Northwest Open

The Junior segment of the Northwest Open, played in Baker City (9 games), results are as follows:

1. David Rioux: 12 (6) -12
2. Lara Messersmith: 12 (5) +84
3. Amanda Helmer: 10 (4) +29
4. Jason Hofbauer: 10 (4) -33

Another Van Orsow Winner! Ray Van Orsow Takes the Red Barn Open

Bo Van Orsow recently won the Northwest Open, and was resting on his laurels, as were Denny and Clarence Van Orsow, so it was up to Ray to uphold the family "honor" at the recent inaugural Red Barn Open, played in Tillamook, OR. Ray hails from Portland.

Kate Furler, Tigard, OR, was on a roll the entire weekend, but fell 3-4 to Ray in the final match in this 63-pegger event. Kate also was high qualifier (32 GP's in 20 games), and won the "crybaby" event, as well..

In third place was Frank Ormie, Forest Grove, OR, followed by Don Hansen, Albany, OR.

ELECTIONS

ACC Board of Directors

1991 is an election year for the American Cribbage Congress Board of Directors. Nominations are open to all ACC members and any member can be nominated as a candidate for election. There are 25 directors elected to the Board and each director is elected for a two year term to begin September 1, 1991 and end August 31, 1993. Board of Director's meetings are held three times a year. February at Reno, NV, July at Raleigh, NC, and in September at the site of the Grand National.

To nominate a member for election to the Board, a candidate must obtain the signatures of at least five ACC members, including their addresss, and their ACC membership numbers. Nominations should be sent to:

Ron Hamilton
1685 Pioneer Lane
White Bear Lake, MN 55110

NOMINATIONS CLOSE MAY 15, 1991

Please include with the nomination papers a brief resume about the candidate (150 words or less). Resumes of all candidates will be published in the June issue of Cribbage World. Ballots for election will be mailed during June to all members to vote for the candidates of their choice and must be returned before July 15th.

South Bay Club OWNS Fairfield Tournament

South Bay Grass Roots Club #48, Cupertino, CA, entered 13 members in the Chief Solano semi-annual cribbage tournament in Fairfield, CA, on March 9. Of these 13, five qualified and three swept the top three spots, in this order: Allen McDonald, Mary Cornwell, and Pete Bourdet.

Joe Nelson... King of the Promoters

Once again, Joe Nelson, Prineville, OR, leads the way when it comes to promoting cribbage.

Joe is director of the granddaddy of Oregon tournaments, running the Oregon Championship. This year 288 peggers attended, with Butch Reynolds claiming the title. And there was Butch's smiling face, plastered all over the front page of the local Prineville newspaper the next day. Did Joe stop there? No...he gets a full page story in the neighboring Bend, OR, newspaper, too.

Tournament directors...give Joe a call and see how he gets all this "ink."

Al Miller "Passes" Seven New Judges

Al Miller, Nashua, NH, and our new Testing Examiner for our ACC judges, recently certified the following judges:

CACCIA, LOUIS	NEWTONVILLE, MA
DAVIS, MARY ANN	MEDFORD, MA
DEAN, GEORGE	AUGUSTA, GA
McEWEN, DON	YPSILANTI, MI
POWELL, SUSAN	ALBANY, ORE
ST.YVES, BOB	PRINEVILLE, ORE
WHITE, MAUREEN	MEDFORD, MA

Tom Mentock Completes Zip Code Issue

Tom Mentock, one of seven Wyoming members, writes that Jeff Monroe failed to include Telferner, TX 77988, Rio Frio, TX 78879, and Wickett, TX 79788, in his list of cities with 24-point zips.

Tom also counts 5-5-5-5-5 as 40 points (but no one has that zip). He wants to know if we should start playing cribbage with a joker, too!

Cheaters Beware!

The ACC Board of Directors recently took action on two members who had "doctored" their scorecard in a try for qualification.

One player received a six month suspension from sanctioned play, and the other has been banned for life.

Be careful when recording your game scores, and always CHECK your opponent's score card carefully before signing. This is for your protection. Don't be caught in an embarrassing situation!

Give 'Em a Break... Sign Up Early

Are you planning on attending a sanctioned tournament? If so, give the tournament directors a break...sign up early! Late entries at the door cause headaches for all, confusion, and delays in getting the tournament started on time.

So, give 'em a break (and your fellow players)...sign up early!

Paul Hatcher Joins Title Race

Paul Hatcher, Salem, OR, has been on a roll lately, and has joined the race for the National title for 1991. Paul finished 2nd in the huge ACC Open in Reno, picking up 378 MRP's, 7th in the large Oregon Championship for another 220 MRP's, and 13th in the recent Northwest Open...running his 1991 MRP total to 800+.

Five other Western Region peggers are also in the thick of the 1991 race: Roy Hofbauer, Washougal, WA had the lead for two hours by finishing 6th in the huge MGM Open in Green Bay, running his total to 850+...but two hours later, DeLynn Colvert, Missoula, MT won the MGM consolation to re-gain the lead with 900+ MRP's. Gary Motley, Gresham, OR, Butch Reynolds, Santa Maria, CA, and Syd Balows, Santa Rosa, CA all are in the 800+ MRP category. Syd picked up the grand prize in the ACC Open (501 MRP's) to join the race.

In the Eastern Region, Phyllis Schmidt, Williamstown, MA maintains the lead with 700+ MRP's, and in the Central Region, Norbert Upton, Eagan, MN, and Buzz Railsback, Syracuse, NE, are setting the pace with 600+ MRP's.

Jack of Diamonds, Jack of Spades, Jack of Hearts, Jack of Clubs...

John Hardy, Portland, had a strange game recently. He dealt 4 times and the starter card was a jack...spades, hearts, clubs, and finally a diamond...for a strange bonus of 8 points.

Warren Sondericker Earns 5th Life Master

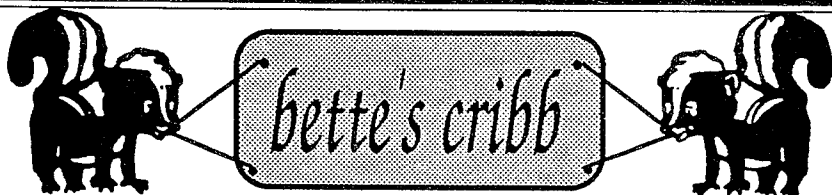

Warren Sondericker, the Greenfield, Wisconsin bomber, recently scored 26 MRP's by finishing in the 17-32 bracket at the Warren L. Swett Memorial Open, and becomes only the 5th ACC member to earn Life Master Rating.

On Warren's way to the magic 6,000 MRP plateau, he captured the national title in 1985, and earned All-American honors in 1984 and 1987 (finishing a lofty 2nd nationally in 1987).

Bo Van Orsow 67th Master Player

Bo Van Orsow of the famous Van Orsow peggin' clan recently became the 67th player in the ACC to earn his Master Rating.

Bo qualified 18th in the huge Oregon Championship (288 peggers) to garner 47 MRP's to put him over the magic 2,000 point plateau. And he now stands well over 400 MRP's for this cribbage year, giving him a shot at the national title.

Grand National Wants Eastern Record

Two short months ago, ACC history was made in Reno with a record 736 peggers. And last month, the MGM Open in Green Bay set a Central Region record with 564 players. Now it is the Eastern Region's turn to set a record in 1991. For the trifecta, it's on to the Grand National in Hollywood, Florida.

According to director Harry Stoops, this event will be played September 27, 28, and 29, 1991, complete with the awards banquet on board a sightseeing boat, limited to the first 180.

The July Cribbage World will have a center-fold insert, complete with an entry form, that will contain all the necessary information for our ACC members.

Jeff Monroe ran another computer search, and our winners of the zip-code contest is Robert Anderson, Merrifield, MN 56465, and Richard Schulz, Necedah, WI 54646.

Be Alert!

Old Man "Murphy" Will Bite You!

After a long session of pegging, it is easy for your concentration to slip a bit, as the following incidents illustrate:

Millie Coffey, one of those 4th Street Terrorists from Concord, CA, won her first 8 games in a 9-game match, and excitedly begins her 9th game, looking forward to a "Grand Slam!" Her cards are hot! In the 9th game, she scores a rare 29-hand! This will almost certainly give her the Slam! Alas, on the very next hand, she pegs two...and picks up her front peg! Oops, the front peg now becomes the back peg. A loss of 29 points! No Grand Slam!

Journeyman pegger Frank Lake, LaPine, OR, is one of the northwest's best peggers...but old man Murphy bit him, too. He picked up four 5's, and, alas, cut an ace. Getting late in the day, Frank begins arranging the 5's on the table, and being slightly embarrassed by this method of counting, says "Oh, I think this is a 20-hand." His opponent nods approval, and Frank pegs the 20...BACKWARD! His opponent begins to snicker, and Frank says "What's the matter...did I miss some?" "Only 40" came the reply, "you pegged backwards!" Actually, he only missed out on 22 points, as his pegs were two holes apart at the time. Did this shake Frank? Nope. He won the game, scoring 18 with first count on the last hand!

Tournament Directors...CW Needs About 4 Months Lead Time

Some tournament directors are still not giving enough lead time to have their tournament listed in "Tournament Trail" section of CW.

FOUR months advance notice with your initial paper work should get your tournament listed twice.

New Master Players

68- Bill Jensen
69- Lloyd Kraft
70- Pat Coffey
71- Bill Becker

Bill Jensen, Los Altos, CA, scored 91 MRP's at the huge ACC Open in Reno to become the 68th ACC Master player. Bill is a veteran pegger, and has had many high finishes in sanctioned tournament action.

Lloyd Kraft, an excellent pegger from Seymour, WI, also recently went over the magic 2,000 MRP mark to become the 69th Master pegger.

One of those 4th Street Terrorists from Concord, CA, also hit the 2,000 MRP plateau. Her name is Pat Coffey, a veteran pegger who is always a threat to win.

And our newest Master pegger is Bill Becker, Bend, OR, who recently scored 179 MRP's in the Oregon Championship by finishing in lucky 13th place. Bill is one of the Northwest's toughest peggers, and has certainly earned this rating.

Always Complete Your Qualifying Round Games

When you sign on for a sanctioned event (or any other round, for that matter), you have entered into a contract of gamesmanship that you **WILL COMPLETE THE ROUND**, win, lose, or draw.

If you withdraw before the round is over, you have fouled the rotation, the scoring, and continuity of play.

In some rare cases (illness, emergencies, etc.) suspension of play is justified. The Tournament Director **MUST** be notified before you leave, in these cases.

Recently, two players failed to return after taking a lunch break, causing the tournament director difficulties in rearranging rotation of players.

A quorum of ACC Directors met shortly thereafter, passing a resolution that in the future, any player leaving play without permission, will be reported to the Regional Tournament Commissioners. These commissioners will then publish a "black list" for tournament director's information...giving them the option of allowing these players to play or not play in future tournaments.

Be a good sport! Complete your round!

2nd Annual Super Lite Tournament Supports Troops

Troops passing through Westover Air Base on the way to the gulf were given 50 cribbage boards and 100 decks of cards...thanks to the generosity of the 150-pegger Super Lite Tournament in Chicopee, MA, January 20. Some \$245 was collected, and matched by another \$245 by Jim Russell, Longmeadow, MA.

The members of the American Cribbage Congress have certainly showed their generosity and support for our troops during this middle east crisis. Jim and his colleagues certainly deserve a "pat on the back" for their generosity.

Operation Desert Shield Cribbage Board Drive Huge Success

The Operation Desert Shield cribbage board drive collected over \$10,000, according to Mickey Griffin, national coordinator.

With assistants Jim Arblaster and Fred Detling coordinating their regions, the drive went well over the top.

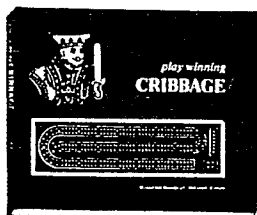

Mickey says any surplus monies will be spent on boards and cards for our veteran's hospitals here in the states.

The ACC membership is commended for their generosity. The list of donors, and new Cribadier Generals is so lengthy, it would take a complete issue of CW for the listing. Cribbage World doffs its hat to our membership for their concern for our troops in the Persian Gulf.

Bad Luck of the Month Club

**DO GO
ON WITH
YOUR
STORY...**

Lee Norris, N. Kingstown, RI, was playing Joe Ramos, W. Warwick a grass roots game, and was dealing from 15 out...Joe needing 25 to win. Lee deals himself a "19" hand, and scores a 2 crib, and pegged 5. On the next deal, Lee needs 8 to win...alas, ANOTHER "19" hand! Lee lost by 3...and Lee reports it was time for a drink!

Is Everyone Awake in Cribbageland?

In last month's Bad Luck column, CW reported John "the Titan" Hill held 3-4-4-5, cut a 9, and his opponent was holding all ten cards. Needing one peg to win, CW reported it was impossible to peg a point with that hand.

Of course you can peg FOUR with this combination, but CW was just testing our ACC members to see if they are awake...and your editor collects postage stamps. He now has a great surplus of cancelled stamps.

John may be a Montana pegger...but even Montana peggers know that 4 pegs were possible. John didn't hold 3-4-4-5, he held 3-4-5-5. Now you ACC members can save your postage stamps for our next goof!

Judge!

It happened on Flight 262 out of Reno...bound for Salt Lake City. We had just reached cruise altitude when, in the center cabin of the wide-bodied jet, a cry rang out: "JUDGE!"

I looked around and there across the aisle and two rows back sat Luis and Delia Lizzaribar. They had a cribbage board on the tray between them. It turned out that Luis had just lost a game to Delia and to determine the cause of such a disaster he had checked the deck. When Luis discovered that the deck (furnished by the stewardess) was two cards short (two 5's were missing), he succumbed to the stress of the preceding three days of Reno tournament cribbage and hollered "JUDGE!"

Note: to protect the guilty, a few facts have been slightly altered.

Wayne Momsen Puts Whitehall, Montana On the Map

Reno was great! Was good seeing you there again.

I have a small request! As you know, I was fortunate to get a 29-hand on Friday during the TOC session. If a mention of this is to be placed in the next issue of CW, would you be so kind as to include our small community of WHITEHALL, MT in the annotation?

The people here would really appreciate a small place on the map!!

*Wayne Momsen
Whitehall, MT*

Oops...Whitehall is a small suburb of Butte, MT, and I inadvertently listed Butte as Wayne's hometown. Perhaps Whitehall will put up a road sign now, laying claim to a 29-hand scored in the Tournament of Champions (and if my memory is correct, the first...and only one scored in this prestigious event).

Cribadier General Program On The Move

Since my appeal for donations to the Cribadier General Program was published in the January issue of Cribbage World, I am pleased to announce that you, the members of the ACC, have responded in great numbers and very generously so. Many of the donations went toward the purchase of cribbage boards for our troops in the middle east. A special word of thanks is in order to Mickey Griffin for his outstanding and tireless efforts in the accomplishment of this endeavor. In recognition of the generosity displayed by the ACC membership, "Gentleman Jim" Arblaster, founder of the Cribadier General Program, and I have established a way of recognizing multiple donations of \$25 to the program. Here is how it will work: as is the current practice, your initial donation of \$25 will earn you a special place among the cribbage elite on the roster of the Honorable Order of Cribadier Generals. For each additional \$25 that you donate, a star (*) will be placed by your name on the roster up to a maximum of five stars. Imagine being a 5-star General and a civilian to boot!

As chairman of the Cribadier General Program, may I say, and heartily so, "thank you" to all of you who have contributed. Thank you also to all the grass roots clubs and tournament directors for your donations as well. If you have not made a \$25 contribution as yet, but would like to, your donation(s) will be gratefully accepted anytime. There will also be a special place on the roster of the Honorable Order of Cribadier Generals reserved just for your name.

So, keep sending those donations. You may make your check for \$25 out to the ACC, and PLEASE make a notation on the face of your check "Cribadier General Donation." Then mail your check to:

Fred McGibney, ACC Treasurer

The Expectation of a Cribbage Hand

If you were dealt 3-4-5-5-5-9 with no flush, what would be the best choice of discards? By best is meant the selection which would give the highest average count if you held the same cards a large number of times. This average count is called the EXPECTATION of the hand. Naturally, there may be other factors to consider, such as the control of pegging, the need for some minimum count, or minimizing your opponent's crib; these will not be considered in the following discussion. The best discards for the 3-4-5-5-5-9 hand are the 3-9, with an expectation of 12.891. The 5-9 discards give 12.457. If you chose the latter, you probably didn't give enough weight to the ten-count cards in the deck.

The expectation of any hand can be calculated in a straightforward manner and it is informative to consider how it is done since you have to judge alternative expectations nearly every time you discard a hand. Since the expectation equals the average count for all possible starters, it can be calculated by summing the counts with all possible starters and dividing by the number of starters. We will consider only single's hands so the number of possible starters is 46. Never mind that your opponent has six cards that can't be starters; since you don't know what they are, the effect is the same as if they were still in the deck.

Let's take an easily calculated example: 2-2-2-2-8-K. Keeping the four dueces, what is the expectation? Since only sevens and nines can help the count, the number of starters that cannot help equals $46-8=38$. So 38 starters give a count of 12, or a sum of $38 \times 12=456$. A seven gives 14 points, so add $4 \times 14=56$. A nine gives 20 points, so add $4 \times 20=80$ more. That's the lot, and the total is 592. Dividing by 46 gives the average of 12.870 for the expectation.

We can reduce the size of the numbers used in this calculation by summing only the increase in count due to a starter. Thus, 38 cards give a

zero increase, four give an increase of two for a sum of eight, and four give an increase of 8 for 32 more. This totals $8+32=40$, and dividing by 46 results in an average of 0.870. Adding the minimum 12-count back in gives the same value of 12.870.

Using either method, you can calculate the expectations of any hand. Of course the only reason for wanting to know the expectation is to compare alternative discards so you must make at least two such calculations. Making a tabular form would help avoid errors. Care must be taken when the hand includes jacks or a flush, since every starter of the suit(s) involved add extra points. This suit complication can be simplified as follows:

- 1- Sum the count without considering suit.
- 2- If the four cards held include jacks, for each jack count the number of cards dealt of that suit (including the jack), subtract that from 13, and add the difference to the sum in (1) above.
- 3- If a flush is held, make the same calculation as specified in (2). Note that if the flush includes the jack, you add the same (2) calculations twice.
- 4- Divide the total count summation by 46, as always, to get the expectation.

Although the procedure for calculating the expectation is quite simple, the counting of all those hands is tedious and opportunities for error abound. While some errors can be avoided by using the table "all possible combinations" in Wergin's book, those tables are not listed in a sequence convenient for calculating expectations.

Dick Cornwell

Judging from Dick's work into the expectations of cribbage hands, we tournament players can certainly breathe a sigh of relief that Dick (and Mary) are world travelers much of the year...leaving some prize money on the table for other tournament players while they are enjoying their overseas sojourns.
