Western Region Rolling Schleusner Takes Wine Valley Morgan Wins in Montana Golik Scores in Oregon

September and October in the Western Region are the busy pegging months, with tournaments scheduled weekly. Beginning with the Wine Valley Open in Napa, CA in late September, peggers have a weekly choice of events to attend during the fall season.

Greg Schleusner in California

And Greg Schleusner, Truckee, CA's premier player, is playing to perfection and has taken the early MRP national lead by winning the 178-pegger Wine Valley Open, after beginning the season with an 8th place finish in late August in Portland (200 peggers).

Local LaDonna Govenor took home 2nd place, followed by Ted Herr (Auburn, CA), and Ron Morgan (Missoula, MT). Harold Sontag, Vacaville, CA took honors in the qualifying round with a fine 35 GP, (15/18) +191.

Director Jack Monroe once again had his wine and cheese tasting dinner, and plans to re-run this event next September.

Ron Morgan Wins in Montana, Then Bags Trophy Buck

Ron Morgan, Missoula, MT, is also on a roll and near the top in MRP's in the early going. After a fine 4th place finish at the Wine Valley Open, he came home and won the 11th Montana Championship. After receiving his trophy and \$900 winner's check, Ron rushed out to join his hunting companions...and promptly bagged a trophy buck!

Frank Lake, the LaPine, OR "high-roller" king decided to take some main event prizes for a change and finished 2nd. Joe Daniels, Libby, MT took 3rd, after getting by Gary Motley, the Grand Master from Gresham, OR. Gary finished 4th in this 123-pegger event.

Local Rex Paddock, the co-director of the upcoming 1993 Grand National, had the hot hand in the qualifying round...a nifty 37 GP's.

Walt Conell, Helena, MT, captured the 78-pegger consolation title, edging Jason Hof-

New Rule Book

The new rule books, which will be issued in the near future, contain an important new feature. In the preamble, you will find a Code of Ethics. It is not meant to be all inclusive but it does list some of the more common forms of unacceptable behavior which are not specifically covered by the rules. Please read this section of the book and comply with the spirit as well as the letter of the Code and the rules.

At the Board of Directors meeting in Green Bay, the Board adopted a new Constitution for the ACC which, among other things, created a new standing committee on Ethics. This committee is empowered to investigate allegations of Ethics violations and to issue warnings and reprimands for relatively minor infractions. They will forward serious violations to the full Board for possible suspension or expulsion actions.

While we contemplate these unpleasant matters, let's keep in mind that, while violations are unpleasant, they are also relatively rare. 99% of our members are interested in the opportunity

to engage in competitive cribbage and having a good time in the process. The main responsibility of the Officers and Directors of the ACC is to provide the framework and organization that makes this possible.

If we all come to a weekend tournament or Grass Roots session with the goal of having a good time and with the thought that winning will make a good time better, rather than having winning as the primary goal, we will naturally behave as ladies and gentlemen and all of us will have a better time.

The ACC's new Constitution will be printed in December's issue as a centerfold. This issue has our ACC Open's entry form.

Western Region Rolling

(continued)

bauer, son of Roy Hofbauer (Western Region Tournament Commissioner), Washougal, WA. George Rodriguez (and Vicky Rodriguez) always manages to go home to Billings, MT a winner, and continues with a fine 3rd place finish, edging Vivian Lliteras, Coeur D'Alene, ID. Vivian finished 4th.

The satellite events: Keith and Evon Forrest (Stevensville, MT) won the doubles. Frank Lake won the high roller (again), and Master pegger Roy Hofbauer took home the marbles in the Saturday special. Chris Burrell, Libby, MT, was in the money in many events, and cashed the last chance to complete a successful pegging weekend.

Glenna Golik Tough on Home Turf

Salem's Glenna Golik took on all comers on her home turf at the Capitol City Classic in Salem, OR and bested some 178 peggers. Glenna was Marvis Reynold's co-worker with the tournament's bookwork, and Marvis got stuck with the workload as Glenna kept right on winning in the playoffs (taking home some \$1,300 and the champion's trophy).

Don Hansen, Albany, OR, Master Bill Becker, Bend, OR, and Donald Smith, Oregon City, OR finished 2nd, 3rd, and 4th.

Portland's Eugene Wilkerson went home a winner by picking up the 126-pegger consolation event, edging Bob Herrmann, Bend, OR in the final match. Sylvia Hornbeck, Washougal, WA and George Mackie, Des Moines, WA finished 3rd and 4th.

Nevada's travelling king of cribbage, John Jantos (Carson City), won the high roller, and The O'Malley's (Bill and Bill Jr.) took the doubles crown. The O'Malley's are from Salem, as is winner Glenna Golik...keeping the bulk of the prize money home! Jason Hofbauer continued his fine run by taking the Saturday special, in addition to qualifying in the main event and finishing in the 9-16 bracket.

Five Star Player?

At the recent Board of Director's meeting in Raleigh, the members of the Board approved a new award for the **SERIOUS** player. Effective immediately, any member scoring 10,000 Master Rating Points will be awarded one star. And for every 5,000 MRP's thereafter, another star will be awarded. Anyone earning 30,000 MRP's will be a **FIVE STAR PLAYER!!**

Perhaps in the year 2010 someone will make the grade. Keep pegging! ★★★★★

Pacific City' Finest?

Pacific City, OR's Rollie Heath was introduced by a friend to a visitor as "Pacific City's finest cribbage player!"

To which Rollie responded: "Yes, but only until Bernie Nelson gets back from a trip south!"

Rollie may be right...Bernie has accumulated some 2,600 MRP's and has earned his Master rating.

166 Peggers **Caccia in Massachusetts**

Louis Caccia, Newtonville, MA, captured the 166-pegger Massachusetts Open, played in Easton, MA September 20. Caccia, in winning, picked up a nifty 180 MRP's, in addition to a nice winner's purse, to put him among the MRP leaders for the 1993 season.

John Croce, Cranston, RI, came close, but had to settle for 2nd (and 169 MRP's). Two Massachusetts players finished 3rd and 4th...Brian McCoy (Cambridge), and Bob Kaplan (Randolph).

Doris Perkins, Quincy, MA, continues her fine start for the new season by winning the sizeable 102-pegger consolation. The 60 MRP's, combined with the 180 she earned in winning the New England Inaugural in August, will keep her among the leaders nationwide in the MRP race. Jack Puleo (Mansfield, MA), Charles Finley (Enfield, CT) and Thomas Bridges (N. Quincy, MA) finished 2, 3, and 4.

The hot hand in the qualifying round was held by Bob Bousquet. This Palmer, MA pegger picked up some 60 MRP's by taking qualifying honors.

Tournament director Edward Donahue reported \$332 donated to the K of C Children's Fund...and this event will be played again next year in September.

Heinowski, Toll Celebrate Moose's Birthday

Gene ""Moose" Biegler celebrated his birthday with a little cribbage tournament in Fond Du Lac, WI, September 5-7...and he sat around twiddling his thumbs while Ed Heinowski, Muskego, WI took the 48-pegger main event, edging Life Master Mick Michaelis in the final playoff, and another Life Master made off with the 36-pegger consolation (Duane Toll, West Allis, WI).

Dave Ritchey Strikes Gold at God Coast Classic

Orange City, FL pegger Dave Ritchey finished 2nd in the qualifying round...and "took off" from there to claim the Gold Coast Classic crown in Pompano Beach, FL September 11-13. Ritchey edged Chuck Pogel, Plantation, FL in the final playoff match for the title.

Ronald Lasek (not ACC member) took 3rd, with Ted Depizol, Winter Springs, FL finishing 4th.

Lucinda Johnson, Sarasota, FL, captured the 46-pegger consolation.

Director Joe Daesch reported the players donated \$50 to aid the Hurricane Andrew victims. Pompano Beach is a mere 50 miles north of the hurricane's path...but they escaped to peg another day!

Roy Cook "Doubles" at Monterey Bay/Larry Good Memorial

Roy Cook was smoking at the recent Monterey Bay/Larry Good Memorial August 22-23. Not only was he the top qualifier, but continued on to win this 88-pegger event. This combined win netted Roy some 132 MRP's.

J. D. Denny, Shell Beach, CA took 2nd, followed by Life Master Jesse Jarrell, Pittsburg, CA in 3rd, and Thelma Weber, Vacaville, CA in 4th. Jarrell's 82 MRP's keeps him among the nation's MRP leaders for the 1993 season.

Veteran Pete Paradis, Santa Maria, CA, picked up the marbles in the 44-pegger consolation.

Directors Art Fisher and Marion Good plan on changing dates for the next Memorial event... January 14-16, 1994 .

Check Your Mailing Label

Any ACC members who renewed in September should check their labels on *Cribbage World*. If the expiration date STILL says Exp. 9-1-92 there is a possibility your renewal check was lost in the mail.

Our membership chairman (Jeff Monroe) is giving all September renewals a ONE MONTH grace period. Any member with the 9-1-92 date should also check their canceled checks, and if the check has NOT been processed, mail Monroe another one. He assures *Cribbage World* and our members he will NOT accept a double payment. Monroe has not been able to track down this problem, but several members have had checks lost in the mail.

Jim Keeling to the Rescue

Spokane's Jim Keeling heard about the Missoula's Grand National dilemma of having enough cribbage boards for the expected crowd of peggers...so he got busy and made some 150 blank boards, complete with a drilling jig and bits! Now, all the Missoula staff has to do is drill some 37,500 holes....

Salem, Oregon Club on TV

KOIN TV in Salem, OR had a three minute episode on cribbage...and there they were, all the Oregon faithful pegging away... and even with a few top ranked peggers ringing their skunk bell! What next!

Floyd Hastings Thanks Cribbage!

Floyd Hastings, St. Johns, OR, was a prisoner of War during World War II...and he says his cribbage board kept him going through some very trying times in the prison camps.

Ed Bolam Scores Three 24's in One Game!

Gresham, OR's Ed Bolam recently scored three 24-hands in a single game...but, alas, no skunk!

The Case of the Worthless Five!

Life Master Jesse Jarrell, Pittsburg, CA has seen it all, when it comes to cribbage...and he adds one more tidbit. He recently played a hand, holding an A-A-2-3, his opponent held an A-2-3-3, the crib contained 2-4-7-9, and the cut was a FIVE! A rare worthless five! At least they did a little pegging with this hand!

Burton Temple Pegs 'Em Right!

Burton Temple, Springfield, OR, was in an almost hopeless situation in a recent qualifying-round game. His opponent is but 8-points short of winning with first count (and holds enough to win the game with the cut card), while Burton needs 18 points to win. He holds 8-8-7-7. His opponent leads an 8, Burton pairs it for two. Then an ace for "25", and Burton adds his 2nd 8 for a "go" and another point. Then his opponent leads a 7! Wow! Burton jumps on for two more (5 total, needing 13 more to win). His luck holds! His opponent plays the 3rd 7! Now it's just a simple "28 for 12, and one for the go...13 and game!"

Robert Einhorn Appointed Director of Senior Judges

Robert B. Einhorn, Melrose Park, PA, has been appointed Director of the Senior Judges.

The appointment was announced by Ev Bey, Vice President-Policy, with concurrence of the Executive Committee.

Einhorn succeeds Cathy Perkins, Bear Creek, NC, who has assumed the position of Rules Committee chairwoman and Director of Research & Development.

The Senior Judges program was instituted in 1991, allowing a maximum of eight qualified judges in each ACC region to be appointed to that position. They each serve 3-year appointments and may be reappointed.

At present, there are 19 Senior Judges, all being appointed in June, 1992. They include six each from the Eastern and Central Regions and seven from the Western Region, as follows:

Eastern: Einhorn, Perkins, Al Miller (Testing Examiner), George Bickford, Bob Gombatz and Phyllis Schmidt.

Central: Jeff Shimp (Judge Commissioner), Scott Kooistra (Executive Vice President), Joan Rein (General Secretary), Ron Hamilton, Don Tofte, and Martha Fingleton (Executive Member-at-Large and Tournament Commissioner).

Western: Bob McCabe (President), Frank Zabrowski (former Testing Examiner and originator of Senior Judge program), Dick Cornwell (former Rules Committee chairman), DeLynn Colvert, Roy Hofbauer (Western Commissioner), Betty Johnson, and Gene Sissel.

A Senior Judge must be a member in good standing with the ACC, currently certified as a Judge and have extensive experience as a tournament judge. For consideration of appointment, a Senior Judge must be nominated by an ACC Director or a Tournament Director.

The qualification of a candidate for a Senior Judge appointment is evaluated by the Director of Senior Judges (Einhorn) and the Testing Examiner (Miller) and then submitted to the Commissioner of Judges (Shimp) for final approval or rejection.

Senior Judges are experienced, qualified ACC judges who have shown an outstanding ability to analyze situations and come to a fair and reasonable solution, making judgmental decisions that are not presently covered by the ACC rules.

Senior Judges are expected to share their off-beat judgmental problems with fellow Senior Judges, through the Director of Senior Judges, and together seek a mutually satisfactory solution that can be used as a guide for future decisions and possible ACC rules changes.

Einhorn anticipates coordinating an on-going forum for the judgmental decisions confronted by the Senior Judges, exchanging opinions and views on these knotty confrontations.

Tournament Directors and tournament judges involved in off-beat judging controversies are requested to submit their problems to Einhorn for Senior Judges' consideration: 928 Melrose Ave., Melrose Park, PA 19126. (215) 635-0351.

1993 Grand National Date Approved

Missoula, MT-The Village Red Lion Inn, in concurrence with directors DeLynn Colvert and Rex Paddock, has approved the dates for the 1993 Grand National, to be played in Missoula, Montana. Play will begin with an "early-bird" match **Friday, September 24, 1993**, and conclude with playoffs, consolation, and a "last chance" event on **Sunday the 26th**. For reservations, call **1-800 547-8010** (say "cribbage"). This four-star convention center will offer rooms to cribbage players for \$52 single, \$58 double...a sizeable reduction from their standard rates.

Cribbage In Schools Program

The Board of Directors recently voted \$3,000 for the *Cribbage In Schools Program*, to be administered by Karl W. Grube, Whitmore Lake, Michigan.

Grube is off and running by proposing that this \$3,000 can be matched or exceeded by donations from local businesses (or school districts) located in Grass Roots club communities. Grube is also trying to obtain discounts from US Playing Card Company, Carom-Drueke Company, and other businesses who can benefit from this promotion.

During the first year, each Grass Roots club sponsors two teachers in their community by soliciting \$50 donations from local businesses or their school district. The ACC will provide \$50 matching money (via Grube). Grube will provide "Educator Certification Materials" to help certify teachers...and to get the ball rolling, recruiting will only be in locations where Grass Roots clubs are available to give a hand. According to Grube, the ACC's goal is to make the *Cribbage in Schools Program* self-supporting within 36 months.

1st year goal

30 new certified teachers @ \$50 certification. The ACC, local businesses, or school districts share first year costs of certifying the initial 30 teachers.

2nd year goal

30 certified teachers x 2 teacher recruits = 60 newly certified teachers. Local businesses, school districts, and ACC funds of \$50/teacher certifies 60 new teachers.

3rd year goal

60 certified teachers x 2 teacher recruits = 120 newly certified teachers. Program costs are self-sufficient through sponsors.

8,192 to ONE! It Could Only Happen to Bob Herrmann

Bend, OR's Bob Herrmann took it on the chin in a recent qualifying round in Salem, OR. The rules were cut for deal each game...and Bob lost his first 14 cuts. The odds of this happening are 8,192 to 1!

He did win 6 of the 14 games, however, and those odds are about right. Several experts on cribbage project the loser of the first deal being at about a 12% disadvantage. And six wins in 14 tries is right on the money!

How about Jason Hofbauer?

Jason Hofbauer is a teenager from Washougal, WA...and his parents are Jeanne and Roy Hofbauer. Jeanne and Roy are perennial winners (Roy is a 2-time All-American, and Jeanne finished 13th in 1990). They must be teaching Jason their "magic" at home, as he has been on a roll lately. In Montana he finished 2nd in the 78-pegger consolation, won the Saturday special in Salem, OR, after qualifying and finishing in the 9-16 bracket in the main event (of 178 peggers)! While on this roll, he waxed your editor (a Life Master) and the President of the ACC (a Grand Master).

Unsportsman Like Play

Larry Lee Hassett, Roseburg, OR, writes concerning unsporting play. His concerns are about players who purposely announce a false count (for advantage), overpegging "packing wood," taking or giving a crib (at an opportune time), "stealing" games in a playoff (by NOT writing down the score, and adding, or subtracting a game), and playing "mind" games (stalling, talking, etc.). Larry states that a player should always call a judge when in doubt about a play. But, in concluding his letter, he says "There are only a few players that pull these stunts. Most players are thoughtful and courteous and are a joy to be around."

Most players are totally honest, but a word to the wise...be alert, and call a judge when in doubt!

Finally... A Cribbage Crying Towel!

Bill Medeiros, Shrewsbury, MA, was seen carrying a "Cribbage Crying Towel" at the recent National Open in Raleigh.

Your editor should have had one tied to his waist (just ask Larry Loupee).

Going South this Winter?

The Georgia Open will be played January 15-17 this winter...so you snow birds will have a nice spot to "roost" for a weekend. Director George Dean writes that once again, this will be a no smoking in the playing area tourney...and his area code has been changed to 706.

For information on this Augusta, GA tourney, contact: George Dean, 208 Tremont Way, Augusta GA 30907. (706) 860-4898.

Tournament Directors: Get 'Em Right!

Recently, Bob McCabe, our Master Point compiler, has received erroneous reports. This causes chaos, not only with his master lists, but with *Cribbage World*, as well...not to mention many players not getting MRP's they have earned. Please be careful when filling out your tournament report!

The two reports that were fouled have been corrected, and MRP's have been once again credited to the proper players.

Puzzle of the Month

Take a deck of cards and lay out a 5 x 5 square. Place cards on this square to achieve the highest total count possible, counting by rows across and down. In addition, count the two diagonal rows. This will give you 12 hands to count.

A Wyoming pegger has come up with this teaser (Tom Mentock, Sheridan), and he credits Bob Eccli, Orlando, FL with passing this teaser along to him.

Tom's score to beat? 205 points!

Example:

9	9	1	5	5	= 12
9	9	1	5	5	= 12
8	8	3	4	4	= 12
7	7	8	6	6	= 20
7	7	8	6	6	= 20
= 20 = 20 = 4 = 24 = 24 = 14					

Grand total = 194

Tom's rules: NO NOBS, but flushes are OK (but must be an ALL five card flush).

If anyone in cribbage land can beat Tom's score of 205 total points for the 12 hands, please send your solution to *Cribbage World* for publication. Tom's 205-point solution will be published in December's issue.

Need 10 Pegs? Ask Jesse

Jesse Jarrell, the Pittsburg, CA king of cribbage needed 10 pegs to win a game recently.

He held an A-3-4-5. First he cuts a jack...an easy two point start towards the 10 pegs. His opponent leads a king. Jesse plays his 5 for another two pegs. Now he needs six. His opponent plays a 10 for "25." Jesse plays his 3 for "28." Oops, now his opponent must play a 2 for "30." Jesse drops his ace for "31" and a run of three for five more pegs. His opponent plays his last card, a 7, and Jesse adds his 4 for the last "go!"...and the game!

Of course, a little carelessness on his opponent's part...he should have dropped the duece at the "15" count!

Edward Morawski King of the 29's

The Greenfield Union News (MA), July 13, 1992 edition has a story, complete with photo, about Edward Morawski. Ed has scored a whopping EIGHT 29-hands in his lifetime!

In addition, during World War II, he survived a 600 foot parachute jump with a failed parachute! Some people hog all the luck!

Morawski is NOT an ACC member. (Should we ACC members tell him about our club?)

Letters to the editor...

Hey, I Want to Watch!

I believe that blocking off the area where the play-offs are being held, as was done recently at the Grand National in Green Bay, is a negative for cribbage. As long as spectators are quiet and orderly, they should be allowed to watch the play from a short distance. Watching play is a plus for cribbage.

*Charles Fletchall
Grimes, Iowa*

Good point, Charles, but on the other side of the coin, not all spectators are considerate ... and an interruption to a player's concentration can be very irritating (and could even cost the game!). My observations (as a player, and a spectator) are that as we become acquainted with more and more players, the tendency is to interrupt play with friendly banter rather than extending the courtesy that should be given to a competing player. Come on, cribbageland, let's hear more on this subject.

2,597 SIX-POINT HANDS?

I'm writing in regards to the article in the August issue of CW concerning the "18-hand odds" by Russ Adams.

There are a total of 44 hands, irrespective of suit, that can total 18. There are four using 15's, pairs, and sequence, two with a jack as turn-up card, 37 if flush in hand and one if flush and jack is turn-up card.

We all know there is one 29-hand, but the highest number of hands is 2,597 for a score of SIX!

Want to Organize a Grass Roots Club?

Cribbage World is a 'must read' mailing as soon as received. Many thanks for the fine job you do for all cribbage players.

But, I believe a once a year listing of names, addresses, and phone numbers of key persons, such as (1) to set up a Grass Roots club, and (2) to set up a youth program, etc. would enhance your fine publication.

New World's Record?

This may be a new world's record for a concentration of luck! At the bi-weekly meeting of the Richmond Cribbage Club on October 7, we had THREE 28-hands in the nine games played. The lucky players were Carlyle Elliott, Peter Sheldon and Jim Duresky. Needless to say, by the time Jim collected half of the half of the half of what was left in the Skunk Bank the pickings were mighty slim!! We love the game!!!

Quiz Solution

The ONLY 4-day tournament in the ACC's history was caused by an act of God. The Capital City Classic (Ike Rutherford, director) scheduled their meet March 1, 2, and 3, 1985 in St. Paul, MN. However, the third largest snowfall in St. Paul's history struck on March 3, and ALL players were snowbound. Three more tournaments were organized for Sunday afternoon, Monday morning, and Monday afternoon. They played on an empty stomach Monday...as the facility ran out of food.

4 of a Kind...4 Times!

Nancy Lorenz, Salem, OR recently nailed her opponents with 4 of a kind on the peg 4 times in the 9-game consolation qualifying round. Who has the next "long odds" story?

Rare Hand!

Years ago I had what I think is a very unusual hand. I call it a "straight 11." I was dealt Q-J-10-9 of clubs and two other cards, which I tossed to the crib. The starter was the king of clubs, so the hand counted 11. The "straight 11" ...Q-J-10-9 plus starter king (same suit) is a higher counting hand than any other that does not have either a 15 or a pair. I don't include hands of the same five cards but with the Q-J-10- or 9 as the starter...the king as starter makes the hand a little more special, since, you might say, the king rules the deck.

I thought the "straight 11" might be almost as rare as the 29-hand, so I contacted Bruce Bowman, the author of CRIBBAGE MASTER for IBM PC computers, and asked him to calculate the odds of getting one. He says that your chances of getting a "29" are 1 in 216,580, and for a "28" it is about 1 in 15,028. He calculated the odds for a "straight 11" as 1 in 115,308. A "28" is therefore about eight times more common and a "29" is only about twice as rare. In his calculation, Bruce accounted for the half dozen situations (not counting board position) in which you would break up the Q-J-10-9, for example, when your other cards are the right 8-7 and it's your opponent's crib.

*Ray Rasmussen
Bend, OR*

Mr. 11? Mrs. 11?

Ray Rasmussen is an avid pegger from Bend, Oregon...and, I believe, our oldest sanctioned event winner ever. At the age of 82, he won the Cascade Classic (June 22, 1986). I vote to honor him and his rare hand by adding "Mr. 11" (for the king high straight flush) or "Mrs. 11" (for the queen high straight flush) to our "Raggedy Ann" and "Straight Eight" named hands. Another name might be "King-11" and "Queen-11." Let me hear from you in cribbage land!

Optional Scoring Method

During the past few years when I've functioned as a tournament director we've used a different game points scoring format from those you mentioned in your recent publication. As preferred by most tournament entrants we've had them draw for opponents games scheduling, but that doesn't mean the competition is equal for all entrants...that is impossible to accomplish, even if the opponent scheduling is predetermined before the tournament. Unfortunately, "the luck of the draw" too often necessitates some entrants to have to play most of their games against tough players, while others might play most of their games against very weak opponents.

We don't believe good players should be rewarded for skunking weaker playing opponents, nor do we believe that novices losing a lot of games by skunk should receive the same game points as a good player losing a game by one peg point. In an attempt to offset that possibility we award game points as follows: the game winner scores 2 game points, the loser scores 1 game point, or zero on a loss by a skunk. This game points format generally should produce more equal opponent games scheduling to the playoffs.

Chapter 11?

Beatrice Olyer of the Solano 29ers just loves to expend money from the club treasury. Prior to this year, we had awarded \$5 for a 28-hand. Since we had accumulated a minor reserve this year, Bea proposed that we raise the award to \$25 for a 28-hand...a motion the other club members unanimously passed. As luck would have it, on our 4th grass roots tournament of the year, Jackie Doppelt, George Ryland, and Harold Sontag all got 28-hands on the same night!!! I am currently contemplating filing for Chapter 11.

*Jones Hom
Solano 29ers
Fairfield, CA*

I know how it feels, Jones, old pal. Once I kicked in \$100 to get another 29-pool started (after Monica Hunt, Billings, MT had won \$689 with a 29-hand)...and in just SIX GAMES into our Montana Championship qualifying round, Donna Strand, Bozeman, MT, plunks down a 29-hand. Goodbye \$100!

Desirable Playing Practices

I would like to recommend for players' consideration, practices that are polite and show consideration for your opponent, that tend to expedite play, and conform to the rules. Many players use perhaps 80% of these practices but a few manage only about half. Hopefully, a heightened awareness of the implications of our habits will lead to favorable changes.

To highlight the Rules requirements, the symbol (R) will be used after required practices.

Shuffle. At least 3 shuffles are required (R). Most players expose the bottom card between interleaving-type shuffles. A subsequent over-and-under shuffle or cut, when properly held, will change the bottom card so that neither player has knowledge of it.

Cut-before-deal. The board is the best place to offer the cut, with the long card dimension across the board width. The long board that is most commonly used is slightly wider than the deck and this makes picking the pack up less easy when placed along the board length. Placing the top packet on the table instead of on the board is an inconvenience on an unpadded table; often the pack must be slid off the table to retrieve it. It is faster to place the top packet on the board before the dealer picks up the bottom packet rather than after, but check that the correct packet is placed on top.

Dealing. Pone is allowed only to block cards from sliding off the table and is prohibited from pawing at his cards as they are dealt, even though he doesn't pick them up. The pone's hands/arms should be positioned so as to give plenty of room for the cards to land; 6" is too little, 12" is adequate.

Placement of pack. The most common practice is to put the pack on the board after dealing. However, in view of the possibility of losing your crib if it ends up on the wrong side of the board and play starts (see Rule VI d) it is much preferable to place it on the dealer's side as a clear indication of who dealt.

Discard to crib. No recommendations seem needed here. Almost all players now seem to be aware that you may NOT retrieve (to look at or change) your discards unless only your cards are on the wrong side (R).

Cut for starter. Don't touch the pack until all four cards are in the crib (R). Cut four cards minimum, leave at least four (R). Don't look at bottom card of top packet (R). After turning the starter, if the pack is on the board (instead of the dealer's side), see that it's

placed behind the pegs of both players, or far ahead of them.

Play of the cards. Sing out the count distinctly; there is a high noise level at tournaments. Overlap your played card so that the sequence can be seen and all are exposed (R). When your opponent scores points and starts to peg them, don't play your next card or say "Go" until the pegging is completed. After you've said "Go," don't play your next card until you're certain your opponent has finished (pegged a Go or 31); the opponent might play two or three cards and peg after each.

Counting hand/crib. You needn't count your hand aloud. If you do it may interfere with your opponent's counting process rather than hasten his confirmation of your score. Pone states total hand count and pegs it while cards are still exposed (R). Pone can pick up or mix his hand ONLY after the dealer states acceptance or starts counting/pegging the dealer's hand (R). After the dealer pegs, the hand is placed face up on the pone's side but NOT on top of the starter. Pone can mix dealer's hand to show acceptance, then dealer is allowed to count the crib (R). After pegging crib, it too is placed face up on pone's side (R). The starter must be kept separated from the hands and crib until the crib count is accepted by the pone; a penalty can be imposed if you mix the starter with other cards (R).

End of play at a position. Before moving to another position, replace the pegs in the starting holes, put the deck on the board, and remove everything you brought to the position.

Master Point Race . . .

Greg Schleusner, a pegger from Truckee, CA, is leading in the race for national honors this fledgling 1993 cribbage season. By winning the Wine Valley Open last month (178 peggers), Greg picked up some 222 Master Points, combined with a fine 8th place finish at the Portland Summer Open (200 peggers) and another 141 MRP's...adding up to a fast start for the season. His 365 MRP's lead 2nd place **Paul Hatcher**, Salem, OR by some 89 MRP's. The following lists show the top 25 in each region. As the season progresses, *Cribbage World* will include longer lists, culminating with the top 100 in each region in our August, 1993 issue.
