Playoff Rounds

Playoff MRPs are awarded according to the number of rounds won (byes count as a win), regardless of tournament size. Larger tournaments have more playoff rounds, therefore more MRPs are available. All qualifiers earn a minimum of 4 playoff MRPs. After suffering a loss, no further MRPs can be earned. (Note: some tournament may break ties by "backward" playoffs for trophies and prize money, but the playoff MRPs are the same for these levels.)

Progressive MRP's awarded (4 + 4 formula):

Round:	1	2	3	4	5	6	7	8	9
	4	- 12	- 24	- 40	- 60	- 84	- 112	- 144	- 180
