PLAYER'S ACKNOWLEDGEMENT OF RISK

IMPORTANT- Cribbage is a game that requires interactions between numerous people. These people will touch things, sneeze, cough, etc. Although we will do our best to prevent any Covid outbreaks, we cannot guarantee that you will not become exposed, infected, or potentially become a spreader of the virus.

According to the CDC, certain groups of people fall under high risk categories. Accordingly, because these people are considered at more and higher risk, for their own health and safety they are advised not to attend. The common high-risk categories are, but not limited to the following:

- Adults over 60
- People with underlying medical conditions or co-morbidities (moderate to severe asthma, serious heart conditions, severe obesity, diabetes, chronic kidney disease, liver disease.)
- Immunocompromised people (cancer treatment, smokers, bone marrow or organ transplantation, immune deficiencies, poorly controlled HIV/Aids, prolonged use of immune weakening medications.)

Even if you are considered higher risk, we are all potentially vulnerable and care about everyone's welfare. Please be advised it is **YOUR** responsibility to take these extra precautions. **MASKS are required** as well as the posted rules below. Failure to do so will result in your removal from the tournament.

Thank you for your understanding and patience as we implement new procedures to deal with Covid.

Sincerely,

Michael O'Brien, Tournament Director
